## EXHIBITOR FLASH

Two items of importance for your company. They require immediate attention. Please ensure the proper people within your company receive this information.

### 1. Report to Industry

The Marine Corps' Report to Industry is a key, for exhibitors only, event that will take place at 8:30AM on Thursday, 15 September at the Clubs of Quantico aboard the base at Quantico. We anticipate the following officers will be delivering the report:

- MGEN Emerson N. Gardner, USMC, Deputy Commandant for Programs & Resources
- LTGEN Michael A. Hough, USMC, Asst Commandant for Aviation
- BGEN William D. Catto, USMC, Commander, Marine Corps Systems Command

Each will provide perspectives on current and planned programs and the direction the Marine Corps is headed in terms of research, development and acquisition strategy. Questions may be asked from the audience and refreshments will be served.

Each exhibiting company may send two representatives to the Report to Industry. Enclosed are two serialized invitations. Please have your representative complete the invitation and turn them in at the Thursday morning event.

### 2. Marine Corps Systems Command Exhibitor Briefings

Enclosed is the detail regarding this unique opportunity that allows exhibitors a 20 minute face-to-face meeting with Marine Corps Systems Command (MCSC) key personnel. These meetings will be held at the MCSC Headquarters aboard the base. Please review the detail carefully so you will be assured you have chosen the proper entity to meet with.

This is over-subscribed every year so be aware this is a first-come, first-served opportunity. You must FAX back your request promptly.

11 August 2005

Memorandum for 2005 MDM Exhibiting Companies

SUBJ: 2005 Marine Corps Systems Command Product Group Directors  
And Program Managers Exhibitor Briefings

The **Marine Corps Systems Command (MCSC)**, who has responsibility for research, development, acquisitions and life-cycle management support for tactical Marine Corps ground equipment, will make its seven Product Group (PG), and three additional Program Managers within MCSC available to meet Industry on 15 September 2005. The appointments will take place during the final day of the Modern Day Marine Expo being held at the Marine Corps Air Facility, Quantico, Virginia. The intent is to provide exhibitors with the opportunity for face-to-face interface with Product Group Directors and Program Managers.

These meetings will take place at the Clubs of Quantico, Quantico, Virginia. Each meeting will be up to 20 minutes in duration and the meetings will begin at 10:00AM, Thursday, September 15.

Product Group Program Managers are listed, as are the types of programs they are managing. This detail is provided so the exhibitor may understand the type of programs under each PG's and PM's cognizance.

- **Information Systems & Infrastructure (ISI) PG 10**
  - Global Combat Support Team PMM 101
  - Navy/Marine Corps Intranet/Information Technology Infrastructure (NMCI/ITI) PMM 102
  - Enterprise Business Systems Support (EBSS) PMM 103
  - Logistics Information Systems PMM 104
  - Human Resources Development Process/e-Business (HRDP/e Bus) PMM 105
- **MAGTF C2 and, Sensors Development and Integration PG 11**
  - Operations Centers (OC) PMM 111
  - Radar Systems (RS) PMM 112
  - Air Defense Weapons Systems (ADWS) PMM 113
- **Communications, Intelligence & Networking Systems PG 12**
  - Ground Command & Control Systems (Ground C2) PMM 121
  - Communications Systems (COMM) PMM 122
  - Intel Systems (INTEL) PMM 123
- **Infantry Weapon Systems (IWS) PG 13**
  - Recon and Amphibious Raids (RECON) PMM 131
  - Infantry Weapons (IW) PMM 132
  - Anti-Armor Systems (AAS) PMM 133
  - Marine Expeditionary Rifle Squad (MERS) PMM 134
  - Force Protection Systems (FPS) PMM 135

- **Armor and Fire Support Systems (AFSS) PG 14**  
 Fire Support Systems (FSS) PMM 141  
 Tank Systems (Tanks) PMM 142  
 Assault Amphibious Vehicle Systems (AAVS) PMM 143  
 High Mobility Artillery Rocket Systems (HIMARS) PMM 144  
 Expeditionary Fire Support Systems (EFFS) PMM 145
- **Ground Transportation & Engineer Systems (GTES) PG 15**  
 Motor Transportation (GT) PMM 151  
 Engineer Systems (ES) PMM 152  
 Expeditionary Power Systems (EPS) PMM 153  
 Counter Improvised Explosive Devices
- **Combat Equipment & Support Systems (CESS) PG 16**  
 Test, Maintenance & Diagnostic Equipment (TMDE) PMM 161  
 Infantry Combat Equipment (ICE) PMM 162  
 Nuclear, Biological & Chemical Defense Systems (NBCS) PMM 163
- **PM Ammunition PM 204**  
 Infantry Weapons Ammo Team  
 Large Caliber AA & Missiles Team  
 Explosive Safety & Environmental Team
- **PM Training Systems (PM TRASYS)**  
 Aviation Liaison Division  
 Operational Support Division  
 Manpower & Training Analysis Division  
 Operational Support Division
- **MEFFV (Expeditionary Family of Fighting Vehicles)**  
 Responsible for development of future Armored Combat Vehicles for the Light Armored Reconnaissance and Tank Battalions in the 2015-2020 timeframe. Primary command interface with the Army's Future Combat System, with potential to phase into a joint program office. In this capacity, PM MEFFV integrates efforts between the USMC and Army to: (a) Ensure interoperability between the Marine and Army C4I networks; and (b) Assessing/leveraging FCS platforms (UAVs, UGVs, manned combat vehicles, unattended sensors, and unattended munitions) and technologies for potential Marine Corps use.

Enclosed with this Expo Flash is a "FAX-Back" sign-up form for the briefings. Please complete the form and fax it to 703-488-2800 as soon as possible to help assure that your company representatives will be able to meet with the Product Group Directors and Program Managers. If you choose more than one meeting, please indicate your priority (1<sup>st</sup> choice, 2<sup>nd</sup> choice, etc.).

**Those companies competing for, or re-competing, for a contract will not, of course, be able to meet with the involved Product Group Directors or Program Managers.**

**Appointments are set based on a first-come, first-served basis. Please respond promptly to be considered.**

## PROGRAM CATEGORIES

### Information System & Infrastructure (ISI)

- ☐ Global Combat Support Team
- ☐ Navy/Marine Corps Intranet/Information
- ☐ Enterprise Business Systems Support (EBSS)
- ☐ Logistics Information Systems (LIS)
- ☐ Human Resources Development Process/e-Business (HRDP/eBus)

### MAGTF C2 and, Sensors Development and Integration PG 11

- ☐ Operations Centers (OC)
- ☐ Radar Systems (RS)
- ☐ Air Defense Weapons Systems (ADWS)

### MAGTF C4ISR PG 12

- ☐ Ground Command & Control Systems (Ground C2)
- ☐ Communications Systems (COMM)
- ☐ Intel Systems (INTEL)

### Infantry Weapons Systems PG 13

- ☐ Recon and Amphibious Raids (RECON)
- ☐ Infantry Weapons (IW)
- ☐ Anti-Armor Systems (AAS)
- ☐ Marine Expeditionary Rifle Squad (MERS)
- ☐ Optics and Non-Lethal Systems (ONS)

### Armor & Fire Support Systems (AFSS)

- ☐ Fire Support Systems (FSS)
- ☐ Tank Systems (Tanks)
- ☐ Assault Amphibious Vehicle Systems (AAVS)
- ☐ High Mobility Artillery Rocket Systems (HIMARS)
- ☐ Expeditionary Fire Support Systems (EFSS)

### Ground Transportation & Engineer Systems (GTES)

- ☐ Motor Transportation (MT)
- ☐ Engineer Systems (ES)
- ☐ Expeditionary Power Systems (EPS)
- ☐ Counter Improvised Explosive Devices

### Combat Equipment & Support Systems (CESS)

- ☐ Test, Maintenance & Diagnostic Equipment (TMDE)
- ☐ Infantry Combat Equipment (ICE)
- ☐ Nuclear, Biological & Chemical Defense Systems (NBCS)

### PM Ammunition

- ☐ Infantry Weapons Ammo Team
- ☐ Large Caliber AA & Missiles Team
- ☐ Explosives Safety & Environmental Team

### PM Training Systems (TRASYS)

- ☐ Aviation Liaison Division
- ☐ Operational Support Division

- ☐ Manpower & Training Analysis Division
- ☐ Operational Support Division

### MEFFV (Expeditionary Family of Fighting Vehicles)

Responsible for development of future Armored Combat Vehicles for the Light Armored Reconnaissance and Tank Battalions in the 2015-2020 timeframe.

Primary command interface with the Army's Future Combat System, with potential to phase into a joint program office. In this capacity, PM MEFFV integrates efforts between the USMC and Army to: (a) Ensure interoperability between the Marine and Army C4I networks; and (b) Assessing/leveraging FCS platforms (UAVs, UGVs, manned combat vehicles, unattended sensors, and unattended munitions) and technologies for potential Marine Corps use.

## BRIEFING SIGN-UP FORM

### 2005 Modern Day Marine Military Exposition Briefing Sign-up

#### Product Group Director's Briefings

Please complete this form and FAX it back to: 703-488-2800 or e-mail it to: jbracken@vnuexpo.com. We urge you to respond promptly in that this is on a first-come, first-served basis. If you choose more than one meeting, please indicate your priority (1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup>, etc.)
